

# IMPRS Workshop 2018: From Models to Reality

## Wednesday, 21 February 2018

### 3. Wednesday Morning (09:00 - 12:30)

time	[id] title	presenter
09:00	[10] Electrifying Model Catalysis: Out of the Vacuum - Into the Electrolyte	LIBUDA, Joerg
09:50	[17] What we do and don't know about water at interfaces – Molecular Level Insight from Computer Simulation	MICHAELIDES, Angelos
10:40	Coffee Break	
11:00	[15] Thin Oxide Film Based Model Catalysts - From UHV to Environmental Conditions	STERRER, Martin
11:50	Group Discussion
